

Conferencing Products Quick Reference

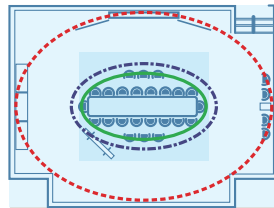

The Polycom Advantage

- Acoustic Clarity Technology – Allows natural, interactive, two-way conversations (full duplex)
- The first to deliver wideband voice over ordinary telephone lines. It's so good, you think the person you are talking with is in the same room!
- Industry-leading wireless, allowing you to conference anywhere team collaboration is important. 2.4 GHz WDCOT or 1.9 GHz DECT with voice encryption, up to 24 hours of talk time and the ability to dial through a cell phone.¹
- Easily share Voice+Content™ by attaching the new Polycom QSX™ to your Polycom analog, wired conference phones
- Reliable products that are easy to install and use
- Broad product family to meet all your voice conferencing needs – analog to digital to IP, wired to wireless, office to auditorium (see Polycom Vortex® product line at www.polycom.com)

- ■ ■ ■ SoundStation VTX 1000 with Mics

New – Voice+Content

The Polycom QSX allows users to instantly share a live view of their computer screen with remote locations simply by dialing a Polycom conference phone.

Step 1
Dial your Polycom Conference Phone

Step 2
Connect your laptop to the provided VGA cable to display

Step 3
Push one button to share your computer screen with up to 14 other locations

Share content with everyone on the call

- Up to 5 QSX rooms (including the host location)
- Up to 10 Web viewers

¹ SoundStation2W uses a cable that connects to a standard 2.5mm headset connector. If your mobile phone model does not support this type of connection you will need an adapter (not included).

Not all mobile phone models support the SoundStation2W mobile phone connector. Conferences using some mobile phone models may experience diminished audio quality or other functionality. For a list of mobile that are known to work well with the SoundStation2W, please consult www.polycom.com.

Connect. Any Way You Want.

Voice Conferencing Product Line At-A-Glance

VoiceStation™ 100

Affordable quality for smaller rooms or desktops.

- Three microphones 360° coverage
- Compact size
